

Hrensburg, 31.5.75

Dear Mrs. Baica,  
Thanks for your letter of Apr. 6. I got it only now, having been on a lecture trip in the East of U.S.A. By separate mail I am sending you some more reprints of our joint paper for distribution to interested acquaintances. The rest I shall distribute amongst interested number theorists of my own acquaintance. Kindest regards to you and your husband, also from Mrs. Riber, who has moved to an apartment in my town.

Sincerely yours,  
Selmut Hase
