Dear Professor Balica

I am editing the volume titled "GEOMETRY, TOPOLOGY AND NUMBER THEORY" dedicated to the memory of C.F. Gauss (1777 - 1855). The volume will contain research and expository papers in the above fields of Mathematics and some papers in Physics and Astronomy. It will be published by the World Scientific Publishing Company in Singapore and will have an international circulation.

I would greatly appreciate it if you could contribute a paper (in duplicate), in English, with an abstract at the beginning, by no later than June 15, 1989, for its publication in the volume.

You will receive a copy of the volume, free of charge, upon publication. My address is: Dr. George Rassias, Department of Mathematics, The American College of Greece, 6 Grivas St., Aghia Paraskevi, Attiki, Greece.

With my best regards

A handwritten signature in cursive script that reads 'G.M. Rassias'.

Dr. George M. Rassias
Professor of Mathematics
