Dr. Malvina Baica
122 N. Esterly Ave.
Whitewater, WI. 53190

Dear Professor Baica,

Thank you very much for your letter of April 10,
and your paper:

"The Periodicity of an Algorithm over the Complex
Number Field (ACF) and the solution of the Hermite
problem" that I received a few days ago.

Your paper will be a superb contribution to the
volume dedicated to the memory of C.F. Gauss titled
"THE MATHEMATICAL HERITAGE OF C.F. GAUSS
Geometry, Topology and Number Theory"

Congratulations for your very good paper!

With Best Wishes, I remain

Sincerely Yours

George M. Rassias

George M. Rassias

P.S. Please mail to me some of your works in Number
theory and more generally in Mathematics. I wish you also
